Honorable Mayor and Members of the Marina City Council

City Council Meeting of December 17, 2024

CITY COUNCIL CONSIDER ADOPTING RESOLUTION NO. 2024-, RECEIVING AND FILING THE 2024 INFORMATION REPORT ON THE ADJUSTMENT OF THE MITIGATION FEES FOR NEW DEVELOPMENT

REQUEST:

It is requested that City Council consider:

1. Adopting Resolution No. 2024-, receiving and filing the 2024 Information Report on the adjustment of mitigation fees for new development.

BACKGROUND:

At the regular meeting of August 7, 2007, the City Council passed and adopted Ordinance No. 2007-10, amending Chapter 3.26 of the Marina Municipal Code allowing the mitigation fees for new development to be increased/decrease on January 1 of each calendar year based on the percentage change in the Construction Cost Index (CCI) estimate approach that is typically used by public agencies as an estimated measure of the costs of construction of public infrastructure. The added provision states:

Section 3.26.055 Indexing.

"The City Council directs that the fee levels established by Section 3.26.050 shall be reviewed prior to January 1 of each year by the director. The fee levels shall be compared to the Engineering News Record ("ENR") Construction Cost Index. The fee levels may be changed in accordance with the percentage change in the ENR index from November 1 to November 1 of each preceding year, but in no case shall the indexing percentage increase or decrease in fees allowed by this section exceed that shown in the ENR index. When calculating the fee level to be charged for the coming calendar year, increments of less than one dollar shall be rounded to the nearest dollar. Before January 1 of each year, the director shall prepare an informational report to the city council containing the calculations required by this section. If any index adjustments and fee changes are appropriate, the same shall be effective on January 1."

At the regular City Council meeting of July 19, 2016, the City Council passed and adopted Ordinance No. 2016-04, amending Chapter 3.26 of the Marina Municipal Code updating developer impact mitigation fees which are charged for new development. This update was a major update of all the capital improvement master plans and a major update of impact fees.

ANALYSIS:

Staff has completed the review of the Engineering News Record ("ENR") Construction Cost Index Value for November 2023 through November 2024. The November 2023 value was 13510.57 and the value for November 2024 was 13632.39 which is an increase of 0.9 percent. The Municipal Code requires that this informational report be provided to the City Council before January 1 which shows the new fee calculations. Unless directed otherwise by the City Council, these indexed adjustments and fee changes become effective January 1, 2025.

The attached ("**EXHIBIT A**") shows the current and proposed new Development Public Facilities Impact Fees effective January 1, 2025. These fees are applied to all new development unless there is a previously approved Development Agreement.

The Dunes (formerly University Villages) Development Agreement

The Dunes Development Agreement approved in 2005 established city impact and other development fees and monetary exactions specific for their development. Exhibit D of this agreement states these fees are, "subject to increase only for escalation in accordance with the construction cost index, identified in the City's fee adoption ordinances".

The development impact fees for the Dunes Development are also being adjusted by the same Construction Cost Index percentage increase calculated above. The attached ("**EXHIBIT B**") shows the current impact mitigation fees and the new impact mitigation fees for The Dunes development effective January 1, 2025.

FISCAL IMPACT:

The increased development Public Facilities Impact Fees will result in increased revenues for the various development impact fee fund accounts. These will be used for development of new parks, public facilities, public safety facilities, and transportation system improvements to mitigate the demands of an increasing population.

California Environmental Quality Act (CEQA)

Receiving an informational report on the adjustments to mitigation fees is not a project under CEQA per Article 20 Section 15378(b).

CONCLUSION:

Respectfully submitted,

This report is submitted to City Council for information.
