For Marina, By Marina - Coastal Access & Amenities Plan

The City of Marina is seeking community input on how to allocate \$3 million in potential payments for public improvements in the City's coastal zone. These funds would become payable to the City if [the California American Water Company \(Cal-Am\) desalination project](#) is ever built.

Although the City continues to strongly oppose the desalination project for many reasons, it believes it is important to conduct community outreach about the best and most beneficial use of the \$3 million, which would be paid to the City as a condition of approval if the project is fully approved and developed. The potential funds may only be spent on improving public access, public facilities, recreational opportunities and restoration within the coastal zone of the City.

Your feedback is essential to guiding where this money can be spent and will be captured and shared in a formal report that the Marina City Council will submit to the California Coastal Commission in April. Rather than deferring to a community engagement process led and funded by Cal-Am, the City is conducting its own independent outreach and engagement effort to hear directly from Marina residents and to ensure our resident voices are represented.

How to Share Your Feedback

Community Workshops: Join us at an upcoming community workshop to learn more, share your ideas and priorities for the funding and get your questions answered:

- Virtual Workshop: Tuesday, March 25, 6-8 p.m.
- In-Person Workshop: Saturday, March 29, 10 a.m.-noon, Marina City Council Chambers (211 Hillcrest Ave)

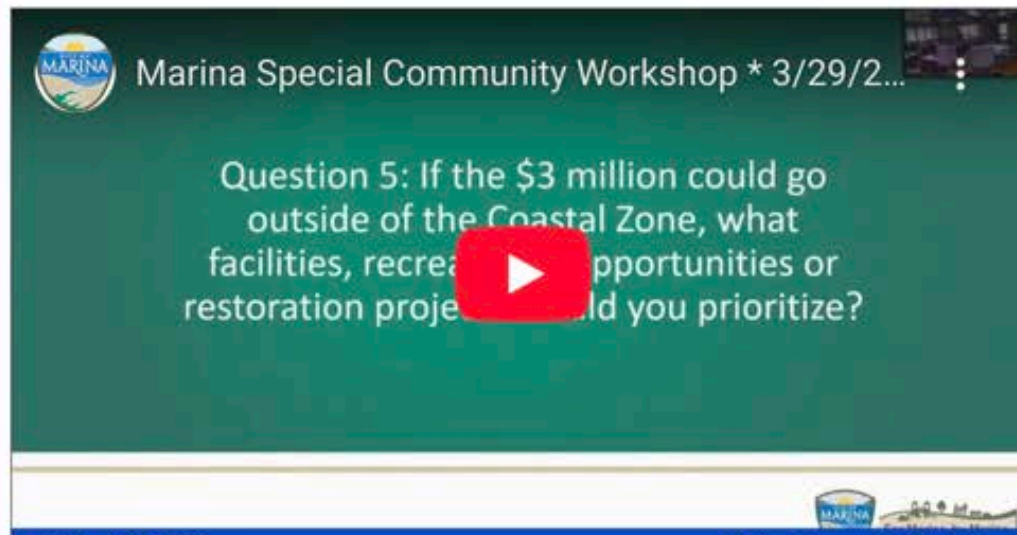

Those meetings will be recorded for transparency and to ensure comments are available for all stakeholders.

Can't make the meetings? Check out our meeting recordings below to stay up to date.

Community Feedback Form: Complete our [Community Feedback Form](#) by Friday, April 4! This channel provides a simple way to answer questions and set priorities while giving you freedom to directly express yourself. ¿Hablas español? [Participa aquí](#).

Frequently Asked Questions

When will the City receive the \$3 million in funds?

Isn't Cal-Am doing their own outreach effort on this process to allocate the \$3 million?

Will the City be assured it gets the \$3 million in funds?

Will the California Coastal Commission really listen to our feedback?

Isn't this project in litigation?

Appendix C: Mailer

City of Marina wants to hear from you!

Help shape the future of Marina by participating in two upcoming community workshops on **Saturday, March 29.**

For Marina, By Marina - Coastal Access & Amenities Plan Community Workshop

Saturday, March 29
10 a.m. - Noon

Marina City Council Chambers
(211 Hillcrest Ave)

The City is leading an independent effort to hear from YOU on how to allocate \$3 million in potential payments to the City for recreational and public improvements in our coastal zone. These funds would be payable to the City if and when the Cal-Am desalination project is ever built. Your input will be captured and shared in a report that the Marina City Council will submit to the California Coastal Commission in April.

Can't make the workshop?

Share your input online via our community feedback form!

Budget Priority Community Meeting

Saturday, March 29, 2 - 4 p.m.

Marina City Council Chambers (211 Hillcrest Ave)

All community members are invited to a Budget Community Meeting to share your priorities and provide feedback for preparation of the City's next two year budget. Learn about the City's budget, funding priorities and financial situation. Your feedback is important to ensure that residents needs and priorities are included in our budget planning.

For Marina, By Marina: Help Shape our Coastal Priorities

Your Voice Matters. Share Your Input.

The City of Marina is seeking community input on how to allocate \$3 million in potential payments for recreational and public improvements in the City's coastal zone. These funds would become available to the City if the California American Water Company desalination project is ever built.

Your feedback is crucial to shaping the priorities for these potential funds. The City is conducting its own independent outreach and engagement effort to hear directly from Marina residents. All input will be compiled into a formal report that the Marina City Council will submit to the California Coastal Commission in April.

How to Share Feedback:

Join us at one of our upcoming community workshops to learn more, share your ideas and ask questions:

Virtual Workshop:

Tuesday, March 25

6-8 p.m.

Via Zoom

In-Person Workshop:

Saturday, March 29

10 a.m.-noon

Marina City Council Chambers
(211 Hillcrest Ave)

Both workshops will be recorded to ensure accessibility and transparency for all stakeholders. Can't attend? A Community Feedback Form will be available online from March 26-April 4 to share your thoughts.

Contribute to the conversation today and ensure our community's needs are prioritized!

Para Marina, De Marina: Ayuda Formar Nuestros Prioridades Costeras

Su Voz Importa. Comparte Su Opinión.

La Ciudad de Marina está buscando opiniones de la comunidad sobre cómo asignar \$3 millones en pagos potenciales para mejoramientos recreativos y públicos en la zona costera de la ciudad. Estos fondos estarán disponibles a la ciudad si el proyecto de desalinización de California American Water Company llega a construirse.

Su opinión es crucial para determinar las prioridades para estos fondos potenciales. La ciudad está realizando su propio alcance independiente y esfuerzo de involucramiento para oír directamente de residentes de Marina. Las contribuciones estarán recopiladas en un reporte formal que el Consejo Municipal de Marina entregará al California Coastal Commission en Abril.

Cómo Compartir Opiniones:

Acompañamos a talleres comunitarios próximos para aprender más, compartir sus ideas y hacer preguntas:

Taller Virtual:

Martes, Marzo 25

6-8 p.m.

En Zoom

Taller en Persona:

Sábado, Marzo 29

10 a.m.- mediodía

Cámaras de Consejo Municipal
de Marina (211 Hillcrest Ave)

Los dos talleres estarán grabados para asegurar accesibilidad y transparencia para partes interesadas.

No puede asistir? Una forma de opiniones de la comunidad estará disponible en línea del 26 de Marzo hasta el 4 de Abril para compartir sus comentarios.

Contribuya a la conversación hoy y asegúrese que las necesidades de nuestra comunidad están priorizadas.

City of Marina Seeks Resident Input on Priorities for Potential \$3 Million Coastal Payment

Community Engagement Effort Launched to Ensure Authentic Resident Feedback is Heard

Marina, CA – The City of Marina is launching [a community outreach effort](#) to gather viewpoints and ideas from its residents on how to best invest certain funds that may become available to the City for coastal improvements as a result of the California American Water (Cal-AM) desalination project, if it is ever built.

The California Coastal Commission's conditional approval of a coastal development permit for the desalination project in 2022 is currently in litigation filed by four public agencies, including the City. However, while this litigation is ongoing, Cal-Am is moving forward on satisfying certain conditions that may become applicable if and when its project is fully approved and built.

Although the City continues to strongly oppose the project for many reasons, it believes it is important to conduct community outreach regarding this condition which would involve payment of \$3 million at a later time if the project is fully approved and developed. These potential funds may be spent on improving public access, public facilities, recreational opportunities and restoration within the coastal zone of the City.

The feedback from this effort will be captured and shared in a report that the Marina City Council will submit to the Coastal Commission in mid-April.

"Since the City's government and residents are the most knowledgeable about what the City's long-term needs are, it is critical that we ensure that these funds are used in

ways that truly reflect the priorities and needs of our residents,” said Marina Mayor Bruce Delgado. “This is why we are inviting our community members to share their input with the City on how they’d like to see these potential funds invested.”

Marina residents are encouraged to share their priorities and ideas through this community outreach campaign:

- **Virtual Workshop:** Tuesday, March 25, 6-8 p.m. ([Zoom link](#))
- **In-Person Workshop:** Saturday, March 29, 10 a.m.-noon, Marina City Council Chambers (211 Hillcrest Ave)
- **Community Feedback Form:** Residents will be invited to complete an online feedback form to share their priorities and ideas.

Both workshops will be recorded and made available to ensure transparency and accessibility for all stakeholders. The City of Marina values resident input and looks forward to shaping the future of the use of these potential funds together.

For more information and updates on this initiative, visit CityofMarina.org/ForMarinaByMarina.

Appendix F: MC County Weekly Article

https://www.montereycountynow.com/blogs/opinion_blog/marina-begins-a-separate-outreach-process-as-cal-am-does-its-own-to-decide-how/article_de59325e-fb7a-44a2-ae42-10c360cdc9db.html

Marina begins a separate outreach process as Cal Am does its own to decide how to spend \$3 million.

David Schmalz

Mar 25, 2025

Janelle Hartley, CEO of EnviroGage, explains that her firm wants to hear feedback from Marina residents about how to spend \$3 million in the city paid for by Cal Am.

DAVID SCHMALZ

David Schmalz here. Earlier this month, I wrote about an outreach process being conducted by EnviroGage, an environmental consulting firm being paid \$195,000 by Cal Am, that seeks input from Marina residents about how they'd like to spend \$3 million on a park or public amenity in the city's Coastal Zone should Cal Am's desalination project in Marina ever break ground.

As I wrote, the first meeting EnviroGage hosted on March 1 did not go well, and was mostly two hours of Marina residents complaining that Cal Am was trying to steal their water.

The whole process is bizarre, and came about because when the California Coastal Commission approved Cal Am's desal project in 2022, some commissioners felt like more should be done to throw a bone to Marina residents, many of whom were, and remain, opposed to the project.

The condition to build the \$3 million public amenity was something the commissioners came up with on the fly—Cal Am had already agreed to pay \$1 million for the same purpose—and in addition, the commissioners added a condition that Cal Am must pay a city employee's salary for 10 years in order to oversee implementation of the project.

But what does \$3 million even get you in 2025? A bathroom and interpretative signage?

Regardless, the city has decided, if Cal Am is going to spend \$3 million on a public amenity in the city's Coastal Zone, the city wants to steer the process, not Cal Am.

In mid-February, the Marina City Council voted to hire its own consultant to do outreach at a cost of \$50,000. In a statement the city put out March 18 announcing the beginning of the process—which starts tonight—Mayor Bruce Delgado said, "Since the city's government and residents are the most knowledgeable about what the city's long-term needs are, it is critical that we ensure that these funds are used in ways that truly reflect the priorities and needs of our residents."

There will be two outreach meetings. The first is tonight, March 25, from 6-8pm on Zoom, and the second, an in-person meeting, is Saturday, March 29, from 10am to noon in the Marina City Council Chambers at 211 Hillcrest Ave.

I don't know if Cal Am's desal project will ever get built—it's got more lives than a cat—but if you're a Marina resident, for the purposes of the meetings, you may as well assume that it will and come up with the best idea \$3 million can buy.

✍ Marina and Cal Am reach out, separately. Pajaro work commences. One act, multiple plays.

David Schmalz

Appendix G: Virtual Workshop Presentation

For Marina, By Marina: Coastal Access & Amenities Plan

Virtual Community Workshop | March 25, 2025

Welcome!

This webinar is being recorded and will be available at CityofMarina.org/ForMarinaByMarina for later viewing

Introductions

Tonight's Priorities

- Share information about the Coastal Access & Amenities Plan and why we are here
- Discuss potential \$3 million payment from California American Water Company (Cal-Am) to the City, and possible uses
- Answer your questions
- Hear your ideas, feedback and priorities

Tonight's Agenda

- Presentation — 20 minutes
- Q&A — 30 minutes
- Feedback session — 45 minutes

How to Submit Questions

Type a question in the Q&A and we will compile them and respond.

Why Are We Here?

- Coastal Commission conditionally approved a Coastal Development Permit (CDP) for Cal-Am's Desalination Project in 2022
 - Despite City of Marina opposition
- Condition of approval #17: Cal-Am is required to submit a Community Engagement Plan to the Coastal Commission for a **Coastal Access & Amenities Plan**
- Cal-Am would pay \$3 million to the City for implementation, if the desal project is ever built.

Why Are We Here?

- Cal-Am retained a consulting firm, EnviroGage, to fulfill its community outreach requirement, which is active and ongoing.
- The City of Marina is concerned about the objectivity of this process.
- Therefore, the City has launched an independent engagement effort — For Marina, By Marina — to ensure authentic resident feedback is collected and shared.
- All input will be captured and shared in a formal report to the Marina City Council for submission to the Coastal Commission in mid-April.

Scope and Potential Uses for Funds

Coastal Amenities & Access Plan – Scope?

- Focused on the Coastal Zone (blue area)
- Funds must go toward improving public access, public facilities, recreational opportunities and restoration
- City has identified top sites/projects in the Coastal Zone based on previously identified community goals & priorities

Priority 1 Sites – Beach Access

- Beach access points
 - CEMEX Property
 - Dunes Drive
 - Lake Court
- Parking upgrades
- Beach access/trail improvements
- Environmental restoration
- Passive recreation

Priority 1 Sites – Locke-Paddon Park

- Vernal Pond Restoration
- Trail System Improvements
- Asian Gardens
- Pollinator Garden
- Urban Forest, Oak Woodland, Community Gardens
- Bridge over pond
- Recreational and active play areas
- Public Facilities (educational, amphitheater, etc.)

Priority 2 Sites – Outside Coastal Zone

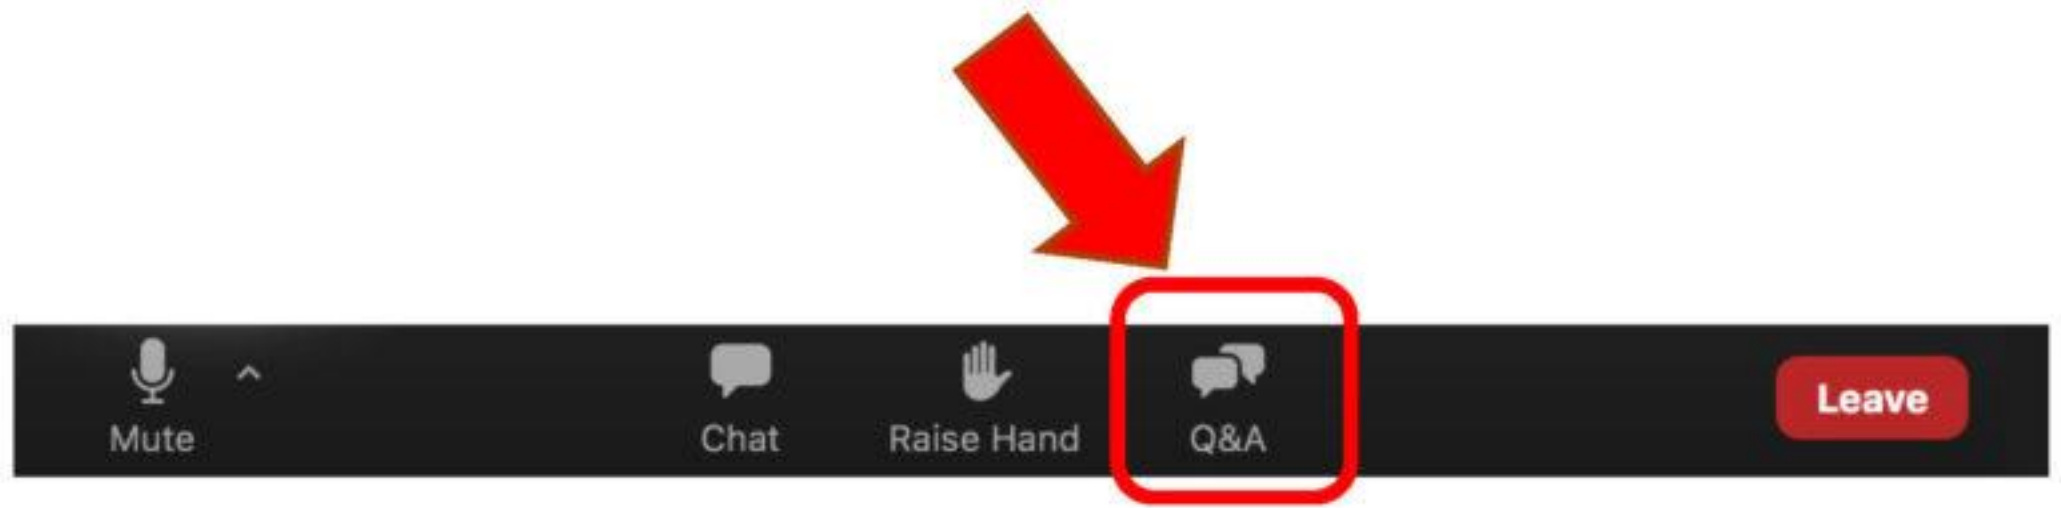

- Facilities
- Parks
- Trails
- Restoration

Q&A

How to Submit Questions

- Type a question in the Q&A and we will respond.

How to Ask a Question

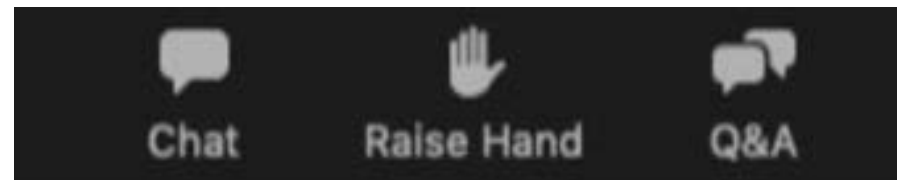

- Click “Raise Hand” and we will call on you.
- When you are called on, unmute yourself
- Your camera will be off

Feedback Session

How to Share Your Feedback

- Type answers, ideas and input into the Q&A chat
- Share verbal comments by clicking “raise hand” and wait to be called on
- When you are called on to speak, don’t forget to unmute!

Question 1: What are your top priorities for a Coastal Access & Amenities Plan?

Question 2: Of the Priority 1 sites shared, which are most important to you?

Priority 1 Sites

- Beach access points
 - CEMEX Property
 - Dunes Drive
 - Lake Court
- Locke-Paddon Park

Question 3: Of the beach access sites, which are top priority, and what types of amenities would you like to see?

Beach Access Sites

- CEMEX Property
 - Access trail
 - Parking
 - Restoration
 - Passive recreation
- Dunes Drive
 - Access trail
 - Parking
- Lake Court
 - Access trail
 - Parking

Question 4: Which improvements to Locke-Paddon Park are most important to you? Which would you like to see funding prioritized for?

Locke-Paddon Park

- Vernal Pond Restoration
- Trail System Improvements
- Asian Gardens
- Pollinator Garden
- Urban Forest, Oak Woodland, Community Gardens
- Bridge over pond
- Recreational and active play areas
- Public Facilities (educational, amphitheater, etc.)

Question 5: If the \$3 million could go outside of the Coastal Zone, what facilities, recreational opportunities or restoration projects would you prioritize?

Next steps, and how to get involved

- In-Person Workshop on **Saturday, March 29, 10 a.m.-noon at Marina Council Chambers (211 Hillcrest Ave)**
- Complete online feedback form at CityofMarina.org/ForMarinaByMarina
 - Open through Friday, April 4
- April 15 City Council meeting

Thank you!

Appendix H: Virtual Workshop Notes

Virtual Community Workshop – March 25, 6-8 p.m.

Facilitator: Ryder Todd Smith, Tripepi Smith

Panelists: Layne Long, Marina City Manager; Guido Persicone, Marina Community Development Director

Attendees: 12

QUESTIONS

PRE-SUBMITTED QUESTIONS

1. What is the entire Coastal Commission condition which describes the use of the 3 million dollars? Can you highlight the condition that this money must be used in the Marina coastal zone?

LIVE SUBMITTED ZOOM QUESTIONS/COMMENTS VIA CHAT

1. Could you please expand on the park proposal ideas? I think it sounds great.
2. Where does the coastal zone end?

FEEDBACK SESSION

Q1: What are your top priorities for a Coastal Access & Amenities Plan?

Paul Meredith: Mobility challenges. Can't get down to the beach. Can the plan specifically address access for mobility impaired people? Other funding \$800K going through permitting and design for access improvements for folks with disabilities. No flat surface for beach access currently.

Q2: Of the Priority 1 sites shared, which are most important to you?

Galia Baron: Sympathize on lack of beach access. Dunes make it challenging. CEMEX plant down to Lake Drive. The dunes are moving constantly. The parking lot is falling into the ocean. I would love to see work done on the pond. The Locke-Paddon Park pond is a beautiful asset. It's filthy, it's polluted, not a nice walk. We don't really enjoy it. Since we get very little money to work on something, if we invest it in something that can be seen quickly and give immediate satisfaction, we can at least have something to show for it. Anything you do at the beach will be wiped out really quickly. 6 years in Marina.

Layne Long: Looking to improve access to Marina dunes State beach. Challenges with Caltrans and jurisdiction issues. Under highway 1.

Galia B: Wants most bang for buck on funding to benefit most people. Thinks pond improvements would be better value than the trail.

Stairs going up the ladder, they're breaking/broken, fix those stairs.

Comment via chat from Pat Bini: just a comment lock pardon could use clean up. agree with entire list of priorities. thank you

Q3: Of the beach access sites, which are top priority, and what types of amenities would you like to see?

Paul M: Mobility access. Not just elders. People with strollers, etc. Design question on whether access trail is sustainable with dunes. Locke Paddon: Pollinator garden idea is intriguing, but there's already a garden at the library. Would those interact?

Layne: Yes.

Q4: Which improvements to Locke-Paddon Park are most important to you? Which would you like to see funding prioritized for?

Paul M: Pond restoration, Pollinator garden

Q5: If the \$3 million could go outside of the Coastal Zone, what facilities, recreational opportunities or restoration projects would you prioritize?

Paul M: He would be unhappy if Locke Paddon was removed from the coastal zone. Ponds are integral to the water system. We don't have a storm water system besides our ponds, absorb the runoff.

Appendix I: Community Feedback Forms (English/Spanish)

For Marina, By Marina: Community Feedback Form

The City of Marina is seeking community input on how to allocate \$3 million in potential payments for recreational and public improvements in the City's coastal zone. These funds would become payable to the City if the [California American Water Company desalination project](#) is ever built.

Your feedback will be compiled and shared in a community engagement report that the Marina City Council will submit to the California Coastal Commission in mid-April. **This form is for City of Marina residents only.**

Do you plan to, or did you, attend the in-person community workshop on March 29, 2025?

126 responses

Appendix K: Community Feedback Form (Open Responses)

**Are there coastal improvements not listed above that you would prefer to see prioritized?
Please share below.**

- More parking at the beach
- Better cleanup access like sufficient trash cans.
- Clean bathrooms, less litter
- Camping
- Parking with short walk to beach (that's not cliffs) it's really hard for families to get to the shoreline with littles. I know there is long term plans for a camping area on the dunes and it would be great to add in a day use parking area.
- My highest ranked improvement would be for marina to get a new parking area and beach access at the cemex sand plant
- Homelessness
- Keep dog friendly access!
- The City of Marina needs a beautiful, flower-filled town square with an accessible epicenter for gatherings and perhaps a beautiful clock tower (like in PG). Marina State Beach could use a coffee and tea kiosk for locals and visitors to warm up with good, gourmet beverages; more and better picnic tables on the level with a few picnic area amenities: and what about a "marina" in Marina to live up to its name?!?!
- More bathroom locations
- The bushes and trees near the Paddon Locke park needs to trim and clearance. Nobody can see the lake and pretty much most Marina resident are even aware if the lake exist there.
- The Parking lot at Marina State beach needs to expand. People are not able to park nearby. Beach are mostly used by families and young ones. We do not like to park more than a mile away and walk towards the beach. There are plenty of open space nearby the beach. If possible, can these turn into a bigger parking lot? Even google map shows the parking lot always full.
- Safer access to beach below 8/9th Street Parking lot
- A walking path from Locke-Paddon to Marina State beach. You can go a decent ways along Seaside Ct but it stops behind the Motel 6. It would be great to take that path and have a safer way to walk to the beach from there. 2) A defined crossing from Vince Di Maggio park to Locke-Paddon.
- Snowy plover protection signs and enforcement
- Not moving forward with the desalination plant
- Access for disability in Marina State beach
- Safe access to clean water for wildlife west of hwy 1
- City Fwcilities. Fire & police stations
- Community Engagement and Erosion Control Measures
- More gated areas for learning/ play for kids with autism. Access to beaches needs to be easier. All our beaches have long paths and/or enormous hills to traverse. I can't bring two of my kids to the beach because I have to make sure I can easily access parking in case of an emergency (which is highly likely).

- Marina State Beach needs a lot of help. Parking is an issue but also the upkeep and access to the beach. We could do so much more to make it a more user friendly area especially for disabled.
- Please allocate money for the Asian American Garden Project at Locke Paddon
- A beautiful waterfront area with trees and benches and picnic areas.
- Restore Locke-Paddon pond
- Soil erosion on Lakeside Dr trailhead, ADA access, boardwalks similar to Asilomar State Beach, deterioration of parking lot at Marina State Beach
- No
- It would be wonderful to have walking trails on Beach Road to access the beach
- More bike paths
- no
- None that I can think of.
- Public restroom with outdoor rinse stations and paved parking lot on Lake Court. Unique city park in place of former city corporation yard and animal shelter. More cypress trees, Monterey pine & coastal redwoods throughout city but especially on Lake Court, Palm Ave, Beach Rd, Del Monte Blvd, Dunes Dr. and along PCH1.
- No CalAm slant wells...the \$3M is a bribe!
- Just south of the Cemex sand plant is a flattened plateau, a perfect area for providing a low cost campground and training area for Paragliding and hang gliding students. The beach itself is too dangerous for beginning hang gliding students.
- Exploration of a new pier for local recreation, tourism and fishing.
- Just not to use too much of the land to take away from the animal habitat
- Lighting and safety enhancements under the highway overpass by the trail at 1st ave
- The duck pond
- Fix our roads. They're horrible
- Nightlife
- No
- Sidewalks on Seaside Ct
- U would like more ADA amenities
- Planting and maintenance of central divider on Reservation and Del Monte in old Marina town.
- Road repairs/trail repairs and upkeep
- No
- Locke Paddon is just completely overgrown with invasive reeds
- More picnic tables, and an area where people could have safe bon fires.
- No buses next to Beaches!
- ADA access to Marina State beach
- staircase down to the beach, bike trail access on Reservation rd. going south along coast

Are there other sites, projects or improvements in the coastal zone you would like to see funding prioritized for? Please share below.

- no
- Anything that makes access to the beaches easier for ALL!
- I would love to see trail improved to allow for roller skates and wheel chairs!! Please 🙏 and protection/education of native wildlife
- Please prioritize access to the beach with parking and rest rooms
- Dog park
- Baseball, soccer, football fields. Sports complex.
- bike/walking trail access starting on reservation rd going south along coastline
- Any that preserve open space of the natural environment
- Fort Ord Dunes visitor center that honors the military history of Marina
- City beautification
- Rental use of ADA equipment on sand (beach wheelchair, all terrain walke)
- Prioritize more third spaces
- Just the main parking area at Marina beach. Very limited parking and it's always covered with sand. ALSO the lines of parking spots are very faded so cars often end up parking across two spots at a time, reducing the number of spots in the first place.
- Fire & Police stations
- The trail off del Monte and the exit. It has been damaged.
- No Civic Center at Locke Paddon
- Fix our roads
- Green belt
- Restroom facilities at all coastal access points.
- Welcome to Marina sign off Reservation Road exit would make that area look better. Not good 1st impression now. It is a dirt pullover spot for trucks now.
- Exploration of a new pier, possibly at Marina State Beach at Reservation Rd
- More funds for beach cleanup or beach combing for trash
- Homelessness
- Restore Cypress Trees from Environmental Damage of Suburban Development
- Rental assistance
- Bring back the Train track handcars
- removing sand along the dunes at Marina Beach to make the path more walkable
- Murals and art
- Molera State Beach access improvement
- Marina State Beach is bland, so how about a marine sculpture unique to our town, a coffee/tea bar kiosk, more picnic tables (on the level) and picnic amenities...and a real marina with boats!
- I'm sure once I get more involved
- Expanded parking at the Marina State Beach Park area, enhanced parking within walking distance of Fort Ord Dunes State park; improved restroom facilities at Fort Ord Dunes State Park

- Lake court needs attention! Lake court desperately needs a public restroom, proper parking areas and to reuse the former city corp yard as a park with dog park area. The old city corp yard and animal shelter are horrible eye sores and reflect very poorly upon our cities image. The lack of public restroom and dog park cause human and k9 visitors to urinate and dedicate regularly on the side of the road or within the dunes...HUGE public safety and downright disgusting!
- If access or parking can't be made at Cemex property, a trail at the end of dunes drive to far end of dunes would be nice and keep people from trampling dune plants.
- Asian American Garden is important to me
- No
- Build discontinuous curb and gutter on Northside of Abdy just east of Cardoza
- Not moving forward with desalination plans
- Restrooms at access points, more enforcement.
- Duck pond / Locke Paddon
- Lake Court Public Restrooms
- Park facilities/camping
- Walking access to trails, coast and beach from imjin parkway.
- Improved access to Marina state beach. It's so steep! Maybe stairs or at least a rope to help pull yourself to the top would be helpful.
- More beach trails/access, more nice trails to provide access between future downtown marina and restaurants near the dunes Monterey bay
- We really need to figure out how to preserve the dunes from erosion
- We should not allow the de salination plant. How did we allow this as a city?!

Is there anything else you would like to share with the City of Marina regarding this potential funding?

- Thanks for listening! I am a resident of Seaside but visit Marina often for the dune trails
- Hockey Pavilion please
- If funds are available outside of coastal zone, I'd like to see tennis courts re-finished and or ball fields improved.
- Hope that Cal-Am desalination doesn't go through.
- Don't waste the money! Please consider "we the people" since we pay taxes and salaries here.
- I think the \$3 million will go a lot further if some of the projects could be volunteered based.
- Marina City is a residential area. Yet people go to Monterey or Seaside for Recreation. We need to have some family kids friendly programs. Games, a swim center, music, open house. Free household hazard annual drop off program.
- Everything needs a facelift!
- Would Certainly prefer not having the funding if it means the damage that will be done by the desal plant in it's currently proposed location/configuration.
- Can it be used to remove the CalAm test well?
- Not moving forward with desalination plant
- "We don't want CalAm desalination plant here in Marina. 3 million dollars is nothing if this project go wrong destroying our beautiful coast line. I thought we, Marina residents, voted against CalAm project. Why are we still talking about it. No means No. why don't they built in Seaside or Monterey? Or Carmel, PG? We should not be thinking about this."
"
- Please use these funds to restore trees/forest and team up with restoration groups.
- Restoration of natural open spaces so that the wildlife that was so abundant in and around this city can be brought back for future generations to be a part of and enjoy
- The info form to spend \$3M is 'rigged' to steer away from what the City really needs. \$3M is a joke, being used to help promote desal plant. Make it real money and build infrastructure/ police and fire station(s)
- Build our kids their fields already.
- Please keep people with disabilities in mind when planning. Children with autism need gated parks and easy access from parking to recreational activities in case of meltdowns or medical emergencies.
- Let's fixe what we have first! Starting to accessibility to beaches.
- When will the City complete the Marina Sports Center?
- Allocate some funding to improving playgrounds on city parks
- I like our City Hall to look more presentable at least get fixed to avoid water leaks and such.
- Marinas water, coastal access and health are worth far more than \$3 million. Please don't accept this pathetic offer from CalAm. We do NOT want a desalination plant anywhere near Marina!

- I watched the march 25th replay on YouTube. I am unable to attend March 29th. I did attend an envirogaga meeting.
- This survey appears to have a bias towards two LPP projects preferred by two councilmembers; Asian Garden and Oak woodland nonnative community garden .
- Light rail access down to Monterey would be life changing
- No
- More EV chargers
- no
- None at this time
- More workshops, I couldn't attend this past 2 and want to be involved as I am a stakeholder who lives within the coastal zone
- Can you put a restroom at Lake Ct. So those who need access to the beach have a restroom to use.
- Please don't forget us with lower mobility.
- No CalAm slant wells...the \$3M is a bribe! No Civic Center at Locke Paddon!
- I would like more pickleball courts and green spaces that are multi-purpose (I.e., I could play soccer or ultimate frisbee on. Or just take my dog out there so he can run around a big space.)
- Lake Court Public Restrooms
- The campground I earlier suggested just south of the Cemex plant could generate \$\$ daily though I think it should be cheap \$25-35/ night. You could probably have 50 campsites with picnic tables, bbq stands/ and critter boxes and one restroom facility..
- Just not destroying the history of Marina, the cultural and habitats
- Promote Marina to improve the image of the city's image!
- We could use a large dog park that has sand or wood chips and ample parking
- Marina has a lot of families. It would be great if families had things to do without having to go to Monterey.
- Anything to clean up the downtown area and help it have a real identity on Reservation rd
- The city board needs to stop taking bribes and start putting money towards improving our community.
- Fix our fucking roads. Replace stop patching
- Focus on lowering rent prices
- Develop downtown Marina
- Say no to CAL AM
- Restore the pool on 2nd or make another facility for teens to go after school or weekends. It will keep them busy without getting in trouble.
- Fix and repair the roads. ESPECIALLY the ones on the CSUMB campus. The school refuses to do anything, claiming the streets are "the city's responsibility"
- Housing
- I really hope this funding goes to things that are NEEDED! Everyone comes from different backgrounds and wants different things. Hopefully the city can decipher between citizens wants, and community NEEDS!
- Access for all

For Marina, By Marina: Coastal Access & Amenities Plan

In-Person Community Workshop | March 29, 2025

Welcome!

This workshop is being recorded and will be available at CityofMarina.org/ForMarinaByMarina for later viewing

Introductions

Today's Priorities

- Share information about the Coastal Access & Amenities Plan and why we are here
- Discuss potential \$3 million payment from California American Water Company (Cal-Am) to the City, and possible uses
- Answer your questions
- Hear your ideas, feedback and priorities

Today's Agenda

- Presentation — 20 minutes
- Q&A — 30 minutes
- Feedback session — 45 minutes

Why Are We Here?

- Coastal Commission **conditionally** approved a Coastal Development Permit (CDP) for Cal-Am's Desalination Project in 2022
 - Despite City of Marina opposition
- Condition of approval #17: Cal-Am is required to submit a Community Engagement Plan to the Coastal Commission for a **Coastal Access & Amenities Plan**
- Cal-Am would pay \$3 million to the City for implementation, if the desal project is ever built.

Why Are We Here?

- Cal-Am retained a consulting firm, EnviroGage, to fulfill its community outreach requirement, which is active and ongoing.
- The City of Marina is concerned about the objectivity of this process.
- Therefore, the City has launched an independent engagement effort — For Marina, By Marina — to ensure authentic resident feedback is collected and shared.
- All input will be captured and shared in a formal report to the Marina City Council for submission to the Coastal Commission in mid-April.

Scope and Potential Uses for Funds

Coastal Amenities & Access Plan – Scope?

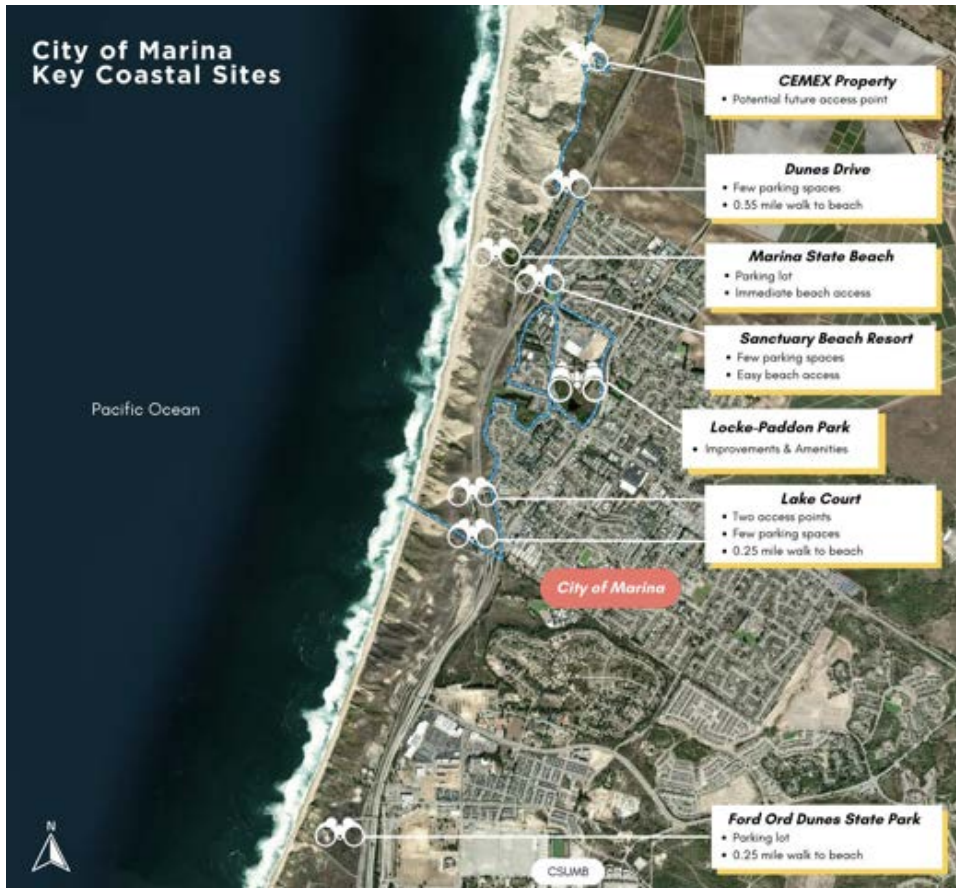

- Focused on the Coastal Zone (blue area)
- Funds must go toward improving public access, public facilities, recreational opportunities and restoration
- City has identified top sites/projects in the Coastal Zone based on previously identified community goals & priorities

Priority 1 Sites – Beach Access

- Beach access points
 - CEMEX Property
 - Dunes Drive
 - Lake Court
- Parking upgrades
- Beach access/trail improvements
- Environmental restoration
- Passive recreation

City of Marina Key Coastal Sites

Pacific Ocean

City of Marina

CEMEX Property

- Potential future access point

Dunes Drive

- Few parking spaces
- 0.35 mile walk to beach

Marina State Beach

- Parking lot
- Immediate beach access

Sanctuary Beach Resort

- Few parking spaces
- Easy beach access

Locke-Paddon Park

- Improvements & Amenities

Lake Court

- Two access points
- Few parking spaces
- 0.25 mile walk to beach

Ford Ord Dunes State Park

- Parking lot
- 0.25 mile walk to beach

CSUMB

Priority 1 Sites – Locke-Paddon Park

- Vernal Pond Restoration
- Trail System Improvements
- Asian Gardens
- Pollinator Garden
- Urban Forest, Oak Woodland, Community Gardens
- Bridge over pond
- Recreational and active play areas
- Public Facilities (educational, amphitheater, etc.)

Priority 2 Sites – Outside Coastal Zone

- Facilities
- Parks
- Trails
- Restoration

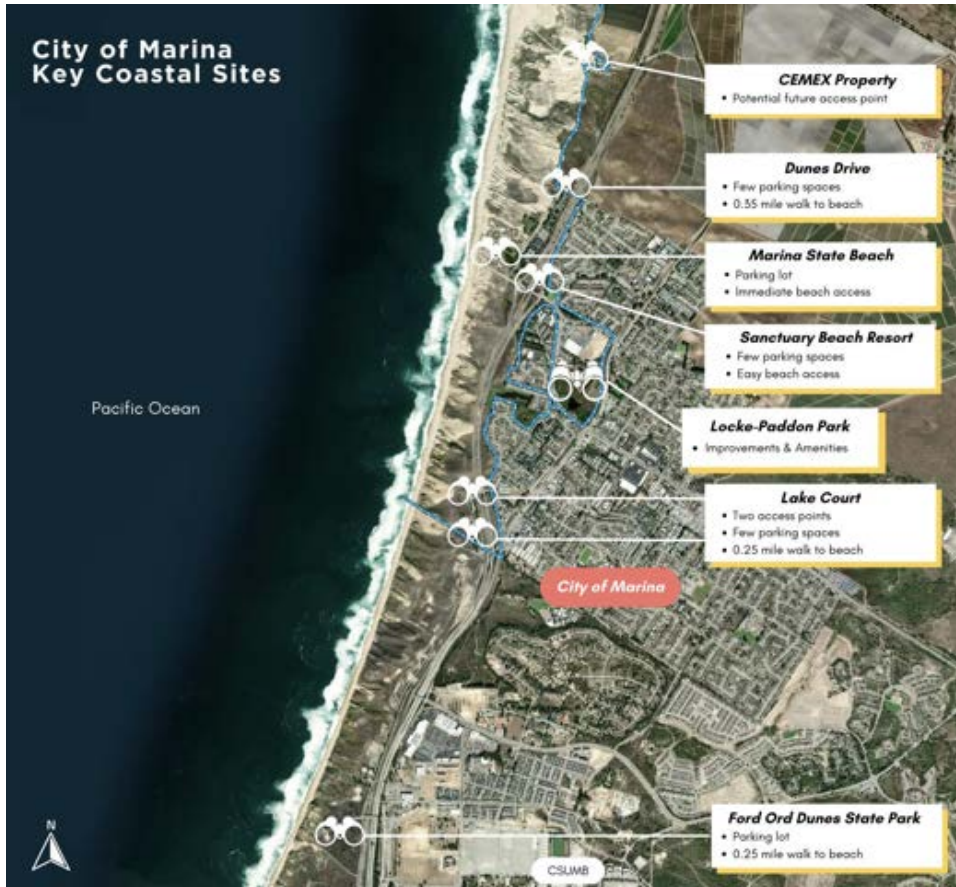

Q&A

Feedback Session

Question 1: What are your top priorities for a Coastal Access & Amenities Plan?

Question 2: Of the Priority 1 sites shared, which are most important to you?

Priority 1 Sites

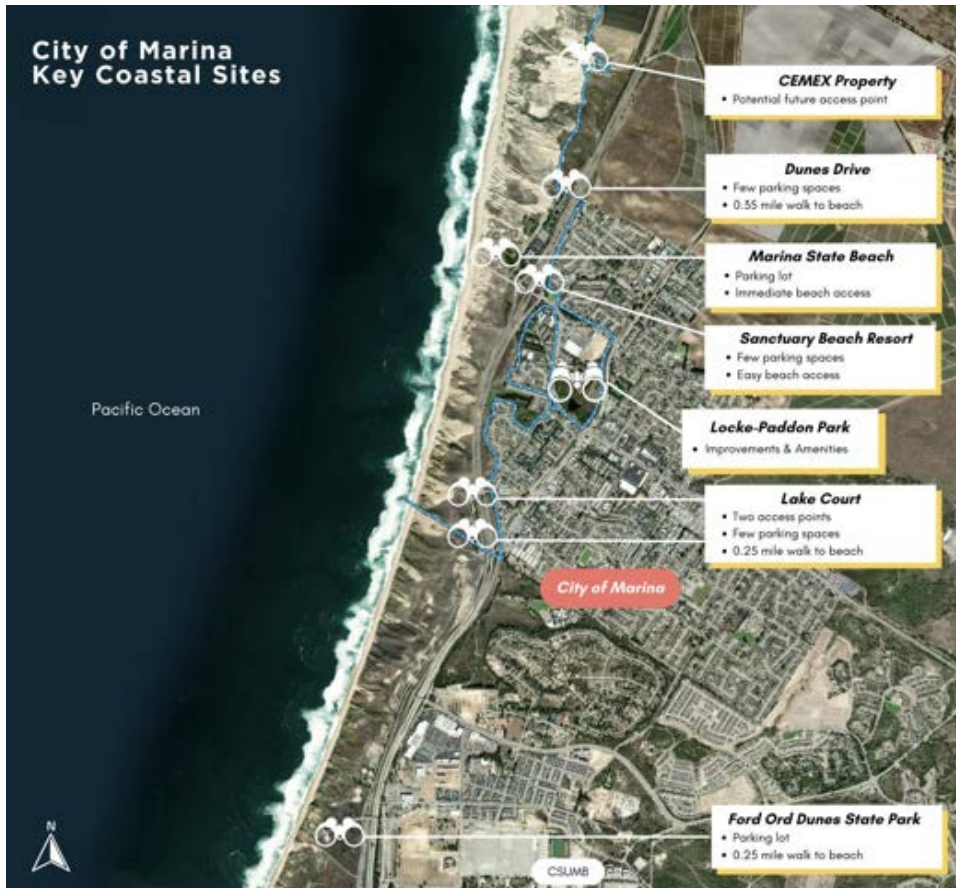

- Beach access points
 - CEMEX Property
 - Dunes Drive
 - Lake Court
- Locke-Paddon Park

Question 3: Of the beach access sites, which are top priority, and what types of amenities would you like to see?

Beach Access Sites

- CEMEX Property
 - Access trail
 - Parking
 - Restoration
 - Passive recreation
- Dunes Drive
 - Access trail
 - Parking
- Lake Court
 - Access trail
 - Parking

Question 4: Which improvements to Locke-Paddon Park are most important to you? Which would you like to see funding prioritized for?

Locke-Paddon Park

- Vernal Pond Restoration
- Trail System Improvements
- Asian Gardens
- Pollinator Garden
- Urban Forest, Oak Woodland, Community Gardens
- Bridge over pond
- Recreational and active play areas
- Public Facilities (educational, amphitheater, etc.)

Question 5: If the \$3 million could go outside of the Coastal Zone, what facilities, recreational opportunities or restoration projects would you prioritize?

Next steps, and how to get involved

- Complete online feedback form
 - Open through Friday, April 4
- Review materials and recordings at CityofMarina.org/ForMarinaByMarina
- April 15 City Council meeting

Complete the
Feedback Form:

MISSION STATEMENT

The City Council will provide the leadership in protecting Marina's natural setting while developing the City in a way that provides a balance of housing, jobs and business opportunities that will result in a community characterized by a desirable quality of life, including recreation and cultural opportunities, a safe environment and an economic viability that supports a high level of municipal services and infrastructure. (Resolution No. 2006-022 - May 2, 2006)

Restore Locke-Paddon pond.

1w Like Reply 3

Guna Hebbar

City beautification projects, landscaping medians, sidewalks on Reservation and DelMonte blvd., DelMonte exit design and landscaping, bill boards to attract tourists to shop and dine in Marina. Encourage Mural projects on ugly run down buildings. More trees, plants, art in Marina.

6d Like Reply

Astrid Jones

It should go directly to the residents since this desal plant will cause more sea water intrusion into our aquifer.

Rosie Bauman

Do a better job of maintaining the parking lot at Marina Dunes - much of the asphalt is covered with several inches of sand.

 In all of the surveys they talk about low income housing. Marina bears the burden of low income for the entire peninsula. There are some great projects like the Veterans Transition Housing and the Shea Below Market Rate housing but how are my tax dollars being used to make the City better? Seems like a lot of consultants being advised by a planning commission and city council that dont understand planning and development. We dont need more hotels. There are many opportunities for affordable hosing but the City sits on the Airport Parcels and other Fort Ord development parcels...

Chuck Pugh
Bruce Carlos Delgado Bruce, you have opposed change within our City but it is inevitable...you helped fund a study to route traffic thru Carmel Ave...What is that going to do for a so called downtown. Our poor City look terrible to drive thru with dying vegetation and dilapidated buildings. The new neighborhoods and commercial space looks great but you have always opposed those developments, yet they bring in great tax revenue when they are selling for over 1M. Why not push some of the development funds into updating things? I voted for you when you were originally elected but its time for you to hang it up. Lets make Marina aesthetically pleasing. We have so many opportunities but they are wasted.

1. What are the top 5 goals of the Mayor and four Councilmembers?
2. Does the city post these goals on the city website?
3. When will the City post the 2025 - 2027 draft budget on the city website?
4. What budget information, if any, will be posted on the city website before the budget workshop scheduled for this Saturday, March 29, 2025?
5. Why doesn't the city provide budget information before the public meetings?

So what we are being asked is to come up with suggestions on how to spend 3 million dollars that we don't want. Am understanding this correctly?

Roland S. · The Dunes on Monterey Bay · 4d

Here is my input. Don't even bother planning. We do not want the minuscule blood money on the table. Will not do one thing for our community. Our water supply is infinitely more valuable.

Grace S. · Marina Station · 1w

I urge all to fill out this survey. This is specific to improvements to land in the coastal zone.

Here is what I determined the priority for the \$3M:

Vernal pond at Locke Paddon Park cleared of the overgrowth of vegetation;

Bridge returned to Locke Paddon Park;

Bird viewing platforms at Locke Paddon Park;

At our beaches, improved ADA access and boardwalks;

Improvements to beach parking, especially Marina State Beach where the parking lot is eroding.

G

Grace S. · Marina Station · 1w

Let's work on returning Locke Paddon Park (LPP) to the premiere birding preserve it once was.

If the city receives this \$3M let's bring back the boardwalk that traversed LPP lagoon.

If the city receives this \$3M let's bring back birding viewsheds while preserving bird habitat of reeds and thrush.

If the city receives this money let's build birding platforms for LPP.

If the city receives this money let's design a link to LPP at the corner of Del Monte and Reservation Rd.

LPP has been an eco tourism draw for birders from around California.

Appendix Q: Community Feedback Form (All Responses)

How many years have you lived in the City of Marina? *

- ☐ 0-1
- ☒ 1-5
- ☐ 6-10
- ☐ 11-20
- ☐ 21+

How would you describe your current satisfaction level with the coastal access and amenities in the City of Marina? *

- ☐ Very satisfied
- ☒ Somewhat satisfied
- ☐ Neutral
- ☐ Somewhat unsatisfied
- ☐ Very unsatisfied

Out of the following amenities and improvements in the City’s coastal zone, which would you prefer to see funding allocated towards? Rank in order of importance to you, with 1 ranked as most important, and 5 ranked as least important. *

	1	2	3	4	5
Improved trails/pathways	☒	☐	☐	☐	☐
Enhanced parking	☐	☐	☐	☐	☒
Park amenities (i.e. at Locke-Paddon Park)	☐	☐	☒	☐	☐
New passive recreation opportunities	☐	☐	☐	☒	☐
Environmental restoration	☐	☒	☐	☐	☐

Are there coastal improvements not listed above that you would prefer to see prioritized? Please share below.

Clean bathrooms, less litter

Rank the following sites in Marina's coastal zone based on your preference for allocating funds to. Rank in order of importance to you, with 1 ranked as most important and 4 as least important. *

	1	2	3	4
Beach Access at Lake Court	☐	☒	☐	☐
Beach Access at Dunes Drive	☒	☐	☐	☐
Beach Access at CEMEX Property	☐	☐	☐	☒
Locke-Paddon Park	☐	☐	☒	☐

Out of the following improvements to beach access in Marina, which are most important to you? *
Rank in order of importance to you, with 1 ranked as most important and 4 as least important.

	1	2	3	4
Improved trails/pathways	☒	☐	☐	☐
Enhanced parking	☐	☐	☐	☒
More passive recreation amenities	☐	☐	☒	☐
Environmental restoration	☐	☒	☐	☐

Out of the following possible improvements to Locke-Paddon Park, which would be most important to you? Choose up to 3. *

☒ Restoration/maintenance of vernal ponds

☐ Asian gardens

☒ Bridge across pond

☐ Improved trail system

☐ Public facilities (educational/instructional learning, amphitheater, etc.)

☒ Urban forest/oak woodland/ community gardens

☐ Other:

Are there other sites, projects or improvements in the coastal zone you would like to see funding prioritized for? Please share below.

.....

If funds could go towards projects OUTSIDE the coastal zone within the City, which areas would you prefer to see prioritized? Pick up to 2. *

☒ Public facilities

☒ Parks and recreation

☐ Public access

☐ Restoration

☐ Other:

Is there anything else you would like to share with the City of Marina regarding this potential funding?

Parking with short walk to beach (that's not cliffs) it's really hard for families to get to the shoreline with littles. I know there is long term plans for a camping area on the dunes and it would be great to add in a day use parking area.

Rank the following sites in Marina's coastal zone based on your preference for allocating funds to. Rank in order of importance to you, with 1 ranked as most important and 4 as least important. *

- ☒ Urban forest/oak woodland/ community gardens
- ☐ Other:

Are there other sites, projects or improvements in the coastal zone you would like to see funding prioritized for? Please share below.

If access or parking can't be made at Cemex property, a trail at the end of dunes drive to far end of dunes would be nice and keep people from trampling dune plants.
.....

If funds could go towards projects OUTSIDE the coastal zone within the City, which areas would you prefer to see prioritized? Pick up to 2. *

- ☐ Public facilities
- ☒ Parks and recreation
- ☐ Public access
- ☐ Restoration
- ☐ Other:

Is there anything else you would like to share with the City of Marina regarding this potential funding?

If funds are available outside of coastal zone, I'd like to see tennis courts re-finished and or ball fields improved.

Do you plan to, or did you, attend the virtual community workshop on March 25, 2025? *

Are there coastal improvements not listed above that you would prefer to see prioritized? Please share below.

The City of Marina needs a beautiful, flower-filled town square with an accessible epicenter for gatherings and perhaps a beautiful clock tower (like in PG). Marina State Beach could use a coffee and tea kiosk for locals and visitors to warm up with good, gourmet beverages; more and better picnic tables on the level with a few picnic area amenities: and what about a "marina" in Marina to live up to its name?!?!
.....

- ☐ Urban forest/oak woodland/ community gardens

☒ Other: We do not frequent/

Are there other sites, projects or improvements in the coastal zone you would like to see funding prioritized for? Please share below.

Marina State Beach is bland, so how about a marine sculpture unique to our town, a coffee/tea bar kiosk, more picnic tables (on the level) and picnic amenities...and a real marina with boats!

If funds could go towards projects OUTSIDE the coastal zone within the City, which areas would you prefer to see prioritized? Pick up to 2. *

- ☒ Public facilities
- ☐ Parks and recreation
- ☐ Public access
- ☐ Restoration

☒ Other: Beautification and cleanup of public areas, shopping centers, and a sit-down family restaurant.

Is there anything else you would like to share with the City of Marina regarding this potential funding?

Don't waste the money! Please consider "we the people" since we pay taxes and salaries here.

Are there coastal improvements not listed above that you would prefer to see prioritized? Please share below.

1. The bushes and trees near the Paddon Locke park needs to trim and clearance. Nobody can see the lake and pretty much most Marina resident are even aware if the lake exist there.
2. The Parking lot at Marina State peach needs to expand. People are not able to park nearby. Beach are mostly used by families and young ones. We do not like to park more than a mile away and walk towards the beach. There are plenty of open space nearby the beach. If possible, can these turn into a bigger parking lot? Even google map shows the parking lot always full.

We don't want CalAm desalination plant here in Marina. 3 million dollars is nothing if this project go wrong destroying our beautiful coast line. I thought we, Marina residents, voted against CalAm project. Why are we still talking about it. No means No. why don't they built in Seaside or Monterey? Or Carmel, PG? We should not be thinking about this.

More passive recreation amenities	☐	☐	☒	☐
Environmental restoration	☐	☐	☒	☐

Out of the following possible improvements to Locke-Paddon Park, which would be most important to you? Choose up to 3. *

- ☐ Restoration/maintenance of vernal ponds
- ☐ Asian gardens
- ☐ Bridge across pond
- ☐ Improved trail system
- ☒ Public facilities (educational/instructional learning, amphitheater, etc.)
- ☐ Urban forest/oak woodland/ community gardens
- ☒ Other: Police & fire station

Are there other sites, projects or improvements in the coastal zone you would like to see funding prioritized for? Please share below.

Fire & Police stations

If funds could go towards projects OUTSIDE the coastal zone within the City, which areas would you prefer to see prioritized? Pick up to 2. *

- ☒ Public facilities
- ☐ Parks and recreation
- ☐ Public access
- ☐ Restoration
- ☒ Other: Fire and police stations

Is there anything else you would like to share with the City of Marina regarding this potential funding?

The info form to spend \$3M is 'rigged' to steer away from what the City really needs. \$3M is a joke, being used to help promote desal plant. Make it real money and build infrastructure/ police and fire station(s)

More gated areas for learning/ play for kids with autism. Access to beaches needs to be easier. All our beaches have long paths and/or enormous hills to traverse. I can't bring two of my kids to the beach because I have to make sure I can easily access parking in case of an emergency (which is highly likely).

Public restroom with outdoor rinse stations and paved parking lot on Lake Court. Unique city park in place of former city corporation yard and animal shelter. More cypress trees, Monterey pine & coastal redwoods throughout city but especially on Lake Court, Palm Ave, Beach Rd, Del Monte Blvd, Dunes Dr. and along PCH1.

Rank the following sites in Marina's coastal zone based on your preference for allocating funds to. Rank in order of importance to you, with 1 ranked as most important and 4 as least important. *

- ☐ Urban forest/oak woodland/ community gardens
- ☒ Other: Outdoor concert venue!!!

Are there other sites, projects or improvements in the coastal zone you would like to see funding prioritized for? Please share below.

Lake court needs attention! Lake court desperately needs a public restroom, proper parking areas and to reuse the former city corp yard as a park with dog park area. The old city corp yard and animal shelter are horrible eye sores and reflect very poorly upon our cities image. The lack of public restroom and dog park cause human and k9 visitors to urinate and dedicate regularly on the side of the road or within the dunes... HUGE public safety and downright disgusting!

If funds could go towards projects OUTSIDE the coastal zone within the City, which areas would you prefer to see prioritized? Pick up to 2. *

- ☐ Public facilities
- ☐ Parks and recreation
- ☐ Public access
- ☐ Restoration
- ☒ Other: ZERO funds should go outside of the Coastal Zone!

Is there anything else you would like to share with the City of Marina regarding this potential funding?

More workshops, I couldn't attend this past 2 and want to be involved as I am a stakeholder who lives within the coastal zone

Just south of the Cemex sand plant is a flattened plateau, a perfect area for providing a low cost campground and training area for Paragliding and hang gliding students. The beach itself is too dangerous for beginning hang gliding students.

The campground I earlier suggested just south of the Cemex plant could generate \$\$ daily though I think it should be cheap \$25-35/ night. You could probably have 50 campsites with picnic tables, bbq stands/ and critter boxes and one restroom facility..

Are there other sites, projects or improvements in the coastal zone you would like to see funding prioritized for? Please share below.

City beautification
.....

If funds could go towards projects OUTSIDE the coastal zone within the City, which areas would you prefer to see prioritized? Pick up to 2. *

- ☐ Public facilities
- ☐ Parks and recreation
- ☐ Public access
- ☐ Restoration

☒ Other:

City beautification by landscape, medians, side walk improvements on Teservation Road, Del Monte Avenue planting more greenery. The City of Marina looks neglected Delmonte blvd exit needs redesign and more landscape improvement. Also need billboard on high way 1 near Del Monte ave and Reservation road to promote Marina. Example. Welcome to Gateway of Monterey Peninsula, National monument t etc.
.....

Is there anything else you would like to share with the City of Marina regarding this potential funding?

Promote Marina to improve the image of the city's image!

Is there anything else you would like to share with the City of Marina regarding this potential funding?

I really hope this funding goes to things that are NEEDED! Everyone comes from different backgrounds and wants different things. Hopefully the city can decipher between citizens wants, and community NEEDS!
