CHIEF'S MESSAGE

Welcome, it is my pleasure to bring to you the Marina Police Department's 2015 Annual Report. We view the Annual Report as an opportunity to provide you with information about our programs, activities and operations.

I'd like to take this opportunity to thank the residents and businesses of our city for your support and input. It is through you that we are able to solve and prevent crime, and provide the services you expect from your police department.

I would also like to acknowledge the dedicated men and women of the Marina Police Department. Their hard work and dedication to the City of Marina is commendable and appreciated.

As you can see in the report the City experienced a significant increase in *Uniform Crime Report* Part I crimes which include violent crime and larceny/theft. Sadly, four homicides were committed and all were related to domestic violence. One of the homicides led to a fatal officer involved shooting. The highest increase, however, resulted from reported larceny and thefts. Moreover, there was a significant reduction in Part II crimes over the previous year. There were fewer traffic collisions reported as well. Some of the reduction can be credited to the expansion of the Traffic Unit and increased traffic and drunk driving enforcement and community awareness and education.

Community Oriented Policing continues to be the driving force of our operations. We are constantly analyzing our methods of operation and looking at how to improve services based on community policing strategies to better serve the public.

In addition to utilizing Community Oriented Policing, the Department stays abreast of technological advances in policing as well as interpersonal training for our officers and staff in order to provide the best customer service possible. This past year the entire Department staff along with our City Manager attended a Procedural Justice and Police Legitimacy workshop.

Procedural Justice addresses procedures used by police officers where citizens are treated fairly and with proper respect as human beings. Police Legitimacy examines the public view of the police as entitled to exercise authority in order to maintain social order, manage conflicts and solve problems in the community.

It is extremely important to us to be aware of how you view and feel about the service the Police Department delivers and its officers and staff. We strive to hire the most highly qualified personnel we can that also mirrors the community.

To better serve you, we try to anticipate the future needs of the City. The Department is and has been looking at the impact of the City's development as it relates to City growth. The Dunes and Marina Heights projects as well as future City projects are being examined to assess future service needs. It is important that the Police Department maintain service levels as the City's resident, business and visitor populations increase. We take pride in fulfilling the needs of the community in the years to come.

On behalf of all of us here at the Marina Police Department, I thank you for your support and the opportunity to serve you.

Respectfully,

Edmundo Rodriguez, Chief of Police

REPORTS & CALLS FOR SERVICE STATISTICS

The Police Department responds to thousands of calls for service every year and many of the calls require a report be taken. Calls for service from the public go directly to the Monterey County Emergency Communications Center located in the City of Salinas. The Communications Center is a central hub for all but a few law enforcement agencies in Monterey County. This allows for coordination of resources when needed, standardized protocols and consistency when a caller contacts the Center. Below you will find the number of written reports taken by the Department; and the number of calls for service the Department responded to over the past five years.

CRIME STATISTICS

Crime statistics are a vital analytical tool used to study crime trends in order to implement crime prevention and enforcement actions that can prevent, solve and stop criminal activity. The United States Federal Bureau of Investigations (FBI) compiles a crime analysis report for the United States. This report is titled the "Uniform Crime Report" or UCR. Each month law enforcement agencies submit a list of crimes, broken down by the FBI into Part I and Part II crimes, which are tracked by the FBI. The total City of Marina Part I and Part II crimes are provided below and on the next page.

INTERNAL AFFAIRS

The Marina Police Department considers the investigation of complaints regarding an employee's actions or our policies or the law to be one of our most important functions.

Formal complaints are investigated thoroughly by independent third parties who possess specific training in internal affairs investigative procedures and they investigate all complaints impartially and objectively. At the conclusion of an investigation the findings are provided in writing to the complainant.

Citizen complaints may be filed by any person or initiated internally. The complaint is routed to the Administrative Services commander who reviews the complaint and then assigns an investigator.

As part of the investigation the person filing the complaint will be contacted to gather further information or clarify concerns.

The Police Department urges residents and visitors to contact the Department with their concerns, complaints or questions.

We pride ourselves on our professionalism and providing quality services to our community.

PUBLIC INFORMATION OFFICER

The commander of Administrative & Technical Services Division serves as the public information officer, producing media releases and appearing in on-air interviews in regards to Department cases and news worthy events.

SPECIAL EVENT & BUSINESS PERMITTING

The Police Department issues various permits through the Administrative & Technical Services Division. Permits issued include card room employees and card room businesses, taxi drivers and taxi businesses, special events, dance permits, massage permits (employees and businesses) and bingo permits.

While this is a regulatory function, it is also important to ensure that persons and businesses operating within these businesses are properly licensed, have required credentials and meet state requirements. Of utmost concern is the welfare, wellbeing and safety of the public who utilize these services.

Marina Labor Day Parade

The annual Labor Day Parade is just one of several events held in Marina every year.

RISK MANAGEMENT

Working with the City's Human Resources and Risk Management Department, the Administrative & Technical Services Division commander coordinates, and provides direction to Department employees regarding on-duty injuries, illnesses, and long term non-duty related injuries and illnesses. The commander also identifies environmental hazards that may occur or be identified in relation to the police facility, vehicles or equipment.

PICTURED

Officers assigned to patrol generally provide the following services:

- Patrol directed at prevention of criminal acts, vehicle code violations and collisions, the maintenance of public order and the discovery of hazardous situations or conditions.

- Intervention & preemptive contacts with residents and business owners to prevent crime.

TRAFFIC BUREAU

Traffic officers provide traffic enforcement to reduce traffic collisions that can and have led to serious injury and even death. Officers assigned as "Motor Officers" receive specialized training in traffic enforcement, collision investigation and specialized motorcycle operations training.

Unknown to most people, is that performing traffic stops is one of the most dangerous activities officers perform. Traffic stops often lead to the discovery of illegal drugs, weapons, wanted persons and just about anything you can think of.

The new bikes have a different look. One was purchased through a grant from the California Office of Traffic Safety.

DIVISIONS

OPERATIONS

COMMUNITY SERVICES

Community Services is comprised of three Community Services Officers (CSOs). They provide a specialized set of skills that overlap into all the Department divisions and all are cross trained to assume any duty assignment.

CSO NEOLA BARNET & A FURRY FRIEND

CANINE PROGRAM

The Department has one of the oldest continuously operating canine programs in Monterey County and continues to provide this valuable law enforcement tool. Police dogs, often called K-9s, assist law enforcement in finding suspects, apprehending dangerous criminals and sniffing out drugs or explosive devices.

The dogs and their handlers require extensive and frequent training for their roles. The decision by an officer to dedicate themselves to being a K-9 officer is an enormous undertaking and responsibility.

Our K-9s live with their handler/officer and the officers see to their dog's every need. The Department currently has two canines Sammie and Thunder, who are Belgian Malinois. Sammie's handler is Officer Steve Russo and Thunder's handler is Officer Richard Moreno.

RESERVE OFFICER PROGRAM

The Police Department has had a formal Reserve Police Officer Program for approximately thirty-four years. Reserve officers are volunteers who have and must have taken a required course of study through a California certified police academy.

These dedicated volunteers each commit to working twenty-four hours a month and to assist at specified special events within the City. Reserve Officers go through a Field Training Officer Program just like a regular officer does.

FIELD TRAINING OFFICER PROGRAM

The Field Training Officer (FTO) Program is an integral part of a new officer's training. Lasting sixteen weeks, new officers are required to pass this portion of training in order to become "solo beat officers". Solo beat officer means that the new officer has passed all phases of training and is qualified to operate by themselves in the field. The training period is comprised of three phases the officer must successfully complete. During training the officer is under the supervision of a Field Training Officer who mentors, teaches and evaluates the officers progress.

BICYCLE UNIT

The Bicycle Unit provides unique crime fighting and crime prevention capabilities. Because of the bicycles low profile, quietness, speed, stealth and ability to travel in areas where vehicles can't, officers aboard bicycles frequently ride up on crimes in progress and suspicious persons. Bicycle patrol is also very effective in heavily congested areas

BICYCLE PATROL OVER THE YEARS

Police officers on bicycles is not a new concept! COPs on bikes goes back to the 1800s.

POLICE CADET PROGRAM

The Department is committed to maintaining a career training program for its police cadets. Through training and exposure to law enforcement activities, cadets become acquainted with law enforcement and how to pursue a law enforcement career. Some of the activities Marina PAL funds and supports: Boys and Girls Middle School Basketball, the Marina Track Club, Red Ribbon Week, a Drug and Alcohol Awareness Program held every October, Life After High School, and Youth Tennis.

ADVOCATING RESPONSIBLE CHOICES (ARC)

The Police Department's ARC Program is a unique blend of city employees, school personnel, counselors, and law enforcement personnel working collaboratively to provide a wide range of intervention and prevention programs for youth who exhibit pre-delinquent behavior.

This diversion program intervenes in the lives of at-risk youth before they commit serious crimes and diverts at-risk youth from criminal careers using an educational component. The program also addresses post criminal behavior and pre-criminal behavior.

MONTEREY PENINSULA S.T.O.P.P. PROGRAM

Monterey Peninsula Strategic Traffic Observation and Prevention Program is a multi-jurisdictional educational traffic safety and enforcement program adopted by the Monterey Peninsula Police Chiefs in 2008 to cooperatively share traffic enforcement officers to target specific traffic violations within the Monterey Peninsula and City of Salinas. Officers assigned to STOPP band together once a month in a different city where they address intersections and roadways with a high proportion of traffic collisions, vehicle code violations, and monitor school zones. STOPP's goal is to reduce collisions, which reduces life safety risks, injuries, property damage and educates/promotes good driving habits.

AWARDS & COMMENDATIONS

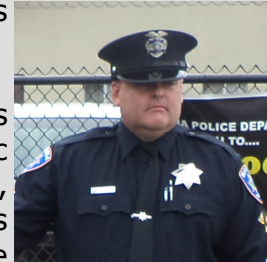

The Police Department believes in recognizing officers, staff and community members for outstanding performance displayed in the course of duty or for exemplary efforts. To formally acknowledge these people, the Department developed an awards system and awards are presented during a formal ceremony where their actions are celebrated.

OFFICER OF THE YEAR

Officer Eddie Bachtel was chosen as the Officer of the Year because of his outstanding dedication to duty and service in all assignments given to him.

Among his many accomplishments this year, Officer Bachtel worked with his fellow Traffic Unit members to redirect its enforcement to reduce traffic collisions within the City. This year he wrote seventeen hundred traffic citations, and investigated sixty-one traffic collisions. He had no citizen complaints, this is attributed to his professionalism and ability to communicate effectively with the public. He frequently and voluntarily assisted patrol when calls for service were inordinately high, even though assigned to the Motor Unit.

Officer Bachtel has an amazing work ethic. He is exceptionally proactive, works independently and his productivity is outstanding. His investigative skills are outstanding. Utilizing his skills he often uncovers crimes beyond just writing traffic citations. During traffic stops he often locates other crimes ranging from illegal weapons possession, stolen property to drug violations. Officer Bachtel is a well respected tenured officer. He's is a field training officer and also freely works on his own with newer officers imparting his vast knowledge of traffic investigation and enforcement. Officer Bachtel is well deserving of the honor of being the Officer of the Year.

CIVILIAN EMPLOYEE OF The YEAR

Community Service Officer Neola Barnet was selected as the Department's Civilian Employee of the Year for her outstanding performance while acting as the sole Department community service officer due to staffing shortages.

Working by herself she fielded all calls for service for community services. These duties include taking specified crime and traffic collision reports, animal control, abandoned vehicles, crime scene processing, assisting with DUI checkpoints and traffic control. Although continually working understaffed, CSO Barnet showed great fortitude and initiative and performed her assigned tasks effectively and efficiently.

CSO Barnet continually displayed good judgment and sound decision making while working as the sole community service officer, She accomplished her tasks and goals with little guidance or assistance from supervisors or patrol officers. The last year was challenging for the Community Services Division; CSO Barnet remained professional, innovative and positive. Her efforts are appreciated by Department supervisors, officers and staff.
