INSPECTOR COMMENTS:

FOR CITY STAFF USE ONLY

Permit For Encroachment (Continued)

PERMIT APPROVED
(To be completed by the City)

By: _____ Date: _____

I have examined the work covered by this permit and find that it is in accordance with the standards of the City of Marina and recommend acceptance.

ENCROACHMENT INSPECTOR Date: _____

STANDARD ENCROACHMENT PERMIT PROVISIONS

1. All work shall be in accordance with the City of Marina Standard Specifications, Design Standards, and Standard Plans 2006 Edition, as amended (herein after called City Standards). In case of conflict between the City Standards and these Conditions of Approval, the Conditions of Approval shall prevail.
2. Temporary traffic control shall be provided in accordance with the State of California Department of Transportation MUTCD California Supplement, as amended. Traffic control plans must be submitted **two weeks prior to start of construction** and approved by the City Engineer prior to implementation.
3. Pavement restoration shall conform to "A.C. Improved Areas" or "P.C.C Improved Areas" cross-section detail as shown on City Standard Plan No. SD-1.
4. Existing traffic striping, pavement markings, and pavement markers within the limits of the proposed work that are damaged or partially damaged shall be replaced in whole. Upon request by the City Engineer, the permittee shall submit a replacement/rehabilitation plan along with the temporary traffic control plan for review and approval.
5. Existing traffic signal loop detectors within the limits of the proposed work that are damaged shall be replaced per the City Engineer.
6. Notify in writing abutting property owners at least 10 calendar days, and again in 72 hours, in advance of work which would affect their access.
7. Access to private property shall be maintained at all times unless the closing of such access is approved by the City Engineer. The permittee shall request in writing permission from the City Engineer in advance of making such closing.
8. Existing traffic signs shall be protected in place by the permittee during the construction period.
9. The permittee shall furnish, post, and maintain temporary "No Parking" signs in those parking areas in which the permittee will be working at least 72 hours in advance of parking restriction. Include reference to MMC 10.040.40G and CVC 22651(m) on "No Parking" signs.
10. No trench shall be permitted to remain open overnight or when construction activities are not in progress. Each trench shall be backfilled to the surface. The permittee shall not open more trench than can be successfully completed and backfilled in one day. Where this requirement is impracticable, the permittee shall request in writing permission from the City Engineer to extend the trench to its practical limit and to bridge the trench with steel plates. Steel plates shall be imbedded into roadway to match flush to existing grade. The bridging shall be placed to permit an unobstructed flow of traffic. Advanced warning signs shall be required when trenches and other excavation are bridged in the travel way.
11. Personal operated vehicles of the permittee's contractor(s) shall not be parked on the traveled way or shoulders, including any section closed to public traffic.
12. The permittee shall cooperate with Public Safety Department relative to handling traffic through the area and shall make arrangements relative to keeping the working area clear of parked vehicles. See Provision 9 for clarification on "No Parking" signage requirements.
13. Permittee shall follow MMC Section 9.24.040 and 15.04.055 regarding construction noise regulations.
14. Hours of construction within the intersection of Reservation Road and Crescent Avenue shall be between the hours of 8 a.m. and 4 p.m. (standard time) on Monday through Saturday, and between the hours of 10 a.m. and 4 p.m. (standard time) on Sunday and holidays. Holidays shall include New Year's Day, July 4th, Thanksgiving, and Christmas. Hours of construction on Imjin Pkwy shall be between the hours of 9 a.m. and 4 p.m.
