

2016 Green Building Standards Code Non-Compliant Plumbing Fixture Replacement Requirements Effective January 1, 2016

2016 California Green Building Code 301.1.1

Effective January 1, 2016 all residential buildings undergoing permit alteration, additions, or improvements shall replace non-compliant plumbing fixtures with water-conserving plumbing fixtures. Plumbing fixture replacement is required prior to issuance of final completion, certificate of occupancy, or final permit approval by the local Building Department. See Civil Code Section 1101.1, et seq. for the definition of a non-compliant plumbing fixture, types of residential buildings affected and important enactment dates. Applies to all structures finaled prior to January 1, 1994.

Civil Code Section 1101.3(c)

"Noncompliant plumbing fixture means"

Applicant Signature
